## A note on scope

This guide covers every facility holding Wyoming state inmates — the five state-run prisons, the three contracted Adult Community Corrections centers, and the contracted Casper Therapeutic Community. There are currently no Wyoming inmates housed out of state: the DOC returned all 240 inmates it had placed at Tallahatchie County Correctional Facility in Mississippi (2023–2026) in August 2026. The monthly information check watches for any change.
